POSITION DESCRIPTION

Job Title: Cloud & DevOps Trainer (AWS / Azure / Google Cloud)

Location: Bangalore / Mysore

Internship Period: 3 months

Stipend: ₹15,000 per month

Perks: Food and Accommodation provided

Full-time Package: ₹4-4.5 LPA (based on performance after internship)

Service Agreement: One year

Requirements:

✳ Certification in AWS, Azure, or Google Cloud are preferred

✳ Strong knowledge of Cloud Computing fundamentals, DevOps practices, and CI/CD pipelines

✳ Hands-on experience with Docker, Kubernetes, Terraform, Jenkins, Git/GitHub, Ansible, Grafana or other monitoring tools

✳ Familiarity with Linux OS and shell scripting

✳ Moderate programming skills in at least one programming language

✳ Proficiency in SQL for database and reporting use cases

✳ Strong communication and presentation skills

✳ Passion for teaching and mentoring candidates

Responsibilities:

✳ Deliver structured training sessions on Cloud (AWS/Azure/GCP) services and DevOps tools.

✳ Guide candidates in setting up cloud infrastructure, automation, containerization, and deployment pipelines.

✳ Develop hands-on labs, projects, and real-world case studies for learners.

✳ Mentor students in preparing for cloud certifications, DevOps interviews, and industry-ready projects.

✳ Continuously update training materials with the latest cloud-native tools, DevOps practices, and certification trends.

✳ Inspire learners to apply cloud and DevOps solutions in real-world enterprise scenarios.
